Hello,

A public chauffeur was in our licensing facility today.

While transacting license issuance, she handed a CD of her music to BACP staff person Michael Evans.

He reported the gift of music to his supervisor, Monique Davids. He refers to her as "Atty" in his e-mail.

Monique instructed to call the chauffeur to return to pick up the music CD.

She did return to the facility and picked it up from Michael Evans.

Let us know if you need anything else from us on this.
